Little Theatre Presents Fourth Play

The Little Theatre made its fourth presentation, "SUN-UP," a three-act drama by Lula Vollmer, at its own Little Playhouse on Carroll avenue on the nights of June 24th and 25th for members and guests, and on June 26th for the general public.

The scene of action was a remote cabin in the Carolina hills at the time of World War No. 1, but it might have been the last war (or any war) so little has the progress of the outside world effected the life of these mountain people who are short on history and "book larnin'" but long on courage and faith in what they believe to be right.

The cast was headed by Mrs. Anna Nachman in the part of Mrs. Cagle who scorns the "gov'ment," hates the "revenoo-ers" and fears nothing on earth, typifying the code and character of her people. She is inspired by fierce loyalty and maritulate love for her son (played by Clair Blair) who must go off to war. She thinks he is going to fight the Yankees, not having yet heard of Germany.

The supporting members of the cast were: Earl Kirkpatrick (as Pap Todd) who is over-land of his jug, and whose daughter Emmy Todd (Pamela Floyd) marries Rufe Cagle (Clair Blair) just before he goes off to war. She has chosen him in preference to Sheriff Weeks (Edward Ireland) who has difficulty upholding the law and the dignity of his office among the mountain folk. Emmy's brother Bud Todd (Emile Gex) is a little "tetched-in-the-head" and stays home to look after the women folk after Rufe has gone to war. The preacher (Richard Shadoin) performs the wedding ceremony for a fee (of smoking tobacco) and the stranger (Joseph D. Benedict) who is a deserter sheltered from the law by Mrs. Cagle before she learns he is the son of the revenue agent who shot her husband. And Bob (Charles Kiefer) one of the sheriff's men who help search the house for the deserter.

The stage setting showing the interior of a log cabin and including a stone fireplace where Mrs. Cagle continually prepares food over a log fire and a back stage window beyond which a sun actually rises in the last scene were dramatically convincing. Credit for these effects goes largely to Roland Tallac who painted the sets, and to Joe Perry who contrived the ingenious lighting effects.

The play was directed by Mary Dodge whose experience in the theatre and resourcefulness in the face of difficulties such as all amateur projects must face, was invaluable. Her gifted touch was everywhere apparent to those who watched the play grow from raw material into a finished product.

Mrs. C. D. Blair, Chairman of Production, was ably assisted by Joseph Kern, Stage Manager; Joseph Perry, Lighting Effects; Scenery painting, Roland Tallac; Properties, Virginia Seal and Jane Blair; Dennie Tonkel, Sound Effects; Mary Dodge, make-up; Al Winetrufer, Asst. Stage Mgr.

The production of this play represents far more than the foregoing paragraphs reveal. It is a milestone on several counts. In four months memberships have climbed from less than fifty to two hundred or more. The play has advanced from a one-act, one-night affair to a three-act drama requiring three performances to a full house each time in order to accommodate all the membership and interested public as well. The theatre itself has advanced from a borrowed auditorium to a playhouse of its own complete with stage, scenery, lighting facilities, and many other accessories which serve "behind the scenes."

SUN-UP was not an easy play. It required good stage effects, good directing, good acting, but most of all coordination of effort from the whole group. The enthusiastic reception of this play supplies the answer that it was successful; that Bay St. Louis can and does have a Little Theatre which will do it credit by any comparison. The help and encouragement given by the community is a much needed and much appreciated factor in its continued success.

The next play will be "THE MOLLUSC," a three-act comedy-drama scheduled for July 22nd, 23rd and 24th. Mrs. Kenneth Knoblock will be the director.

Election Next Tuesday—Requirement To Vote—Election Managers Named

The Democratic Primary Election for the nomination of United States Senator and Congressman, will be held on next Tuesday, July 2nd, 1946. The corrupt practice act will govern this election and every person will be required to present two poll tax receipts in order to be eligible to vote.

The poll tax receipt required will be for the year 1944 and 1945. Many times the question of the correct poll tax receipt is raised by the voter. If you will look in the body of the receipt you will find the year set out therein for which the poll tax was paid. The date on which the poll tax receipts issued is not always the year of the poll tax receipt, for in many instances poll taxes are not paid until after the first of the year, and in that event the poll tax is for the preceding year.

It will be necessary for every veteran who offers to vote to secure a certificate from the office of the Circuit Clerk, and this certificate when issued will entitle the veteran to vote. It is necessary to present his discharge papers, and sign an affidavit that he was in service at the time of the payment of the poll taxes and must show the time of his induction and the time of his discharge.

It is also necessary for voters who are under and over the age for payment of poll taxes to obtain certificates from the Circuit Clerk's Office, if they have not already done so.

If you have lost your Poll Tax Receipts, you may obtain copies thereof at the Clerk's Office.

The following is a list of the managers of election of each election precinct in Hancock County, as named by the Democratic Executive Committee:

Alphonse B. Favre, Jr., Announces For Marshal and Tax Collector of Waveland

We are authorized to announce the candidacy of Mr. Alphonse B. Favre, Jr., for the office of Marshal and Tax Collector of the Town of Waveland.

Mr. Favre's statement to the voters of the Town of Waveland is as follows: To the Citizens and Voters of Waveland:

I, Alphonse B. Favre, Jr., wish to announce my candidacy for Town Marshal and Tax Collector of Waveland.

I was born and raised in Waveland. I am 27 years old and have lived here all my life, with the exception of the 34 months I spent in the U. S. Marine Corps, during the War.

In announcing my candidacy and offering my services to the good people of Waveland I am doing so with the sincere knowledge that I am thoroughly qualified for the office I seek. Definitely more so than the present incumbent.

I attended grammar school in Waveland and graduated from Bay High in Bay St. Louis after which I studied a course in accounting and business course.

Although having served 23 months overseas I am in perfect physical condition and more than able to take care of the office I desire.

I am married and have one child. At present I am building and completing my own home in Waveland. I intend living here permanently whether elected or not.

My war record shows I participated in the Marshall Islands campaign, also in the battle for Saipan and Tinian, likewise in the battle for Iwo Jima. I voluntarily enlisted February 28, 1943 and was honorably discharged December 21, 1945.

I feel very fortunate in having received the Presidential Citation while in the Marianna campaign.

If I am elected I pledge myself to prosecute my duties personally. At all times the citizens will be able to locate me in the office of the Tax Collector and the tax books and services of the office will always be open to the public and especially for the convenience of the commuters and New Orleans tax payers. The books will be open Saturday evenings and Sunday mornings.

I promise further that efficiency and courtesy will prevail at all times. Thanking and trusting that I will be fortunate in securing the support and vote of the majority of the people of Waveland, I remain,

Sincerely,
ALPHONSE B. FAVRE, JR.

NEW HOTEL HOSPITAL PROJECT AT PINE HILLS

A new Hotel-Hospital on a national scale is to be opened on the Gulf Coast according to the announcement of two New Orleans businessmen, Chester F. Owens, attorney, president of the North Shore Properties, and executive vice-president of the Commonwealth Homestead Association, and Robert L. Smart, head of an investment firm bearing his name. They have announced that an agreement has been made to purchase the Pine Hills Hotel and 200 acre golf course on the North Shore of Bay St. Louis, to be converted into a hotel-hospital to care for the hundreds of thousands of persons in this country and Latin-America in need of rest, medical supervision and attention.

The hotel, which has been owned in part by the three local banks in liquidation, the Hibernia Bank & Trust Company, the Interstate, and the Canal, is said to have cost in excess of a million dollars. The hotel building is of fireproof reinforced concrete construction, has five floors and basement, and is said to be one of the best constructed buildings on the Gulf Coast.

The purchasers announce that the 180 guest room and 130 bath hotel will be converted into a fully equipped hotel-hospital to operate in full cooperation with the medical profession and other hospitals. It will be headed by a physician of national prominence, as yet unselected from a number under consideration, and staffed by a group of specialists, and will be conducted with full consideration for the comforts, conveniences, and dignity of its guests.

This establishment will make available more hospital accommodations for the hundreds of thousands of persons in this country and Latin-America in need of rest, medical supervision and attention. Outdoor recreation and year-round sunshine will add much to the attractiveness of this project.

This is said to be the first institution of this kind to be projected in this country.

Louisiana Fishing Law Will Not Effect Mississippians

The much debated bill before the Louisiana Legislature which affected the rights of the people of Mississippi to fish in Louisiana waters, unless a license fee of \$2500.00 was paid, and a \$200.00 license for each member of the crew from another state has finally passed the house of representatives of that State. However, our Louisiana Brothers were very kind to their neighbors on the East, and have eliminated from the bill the tax upon Mississippians.

It was the work of the people along the Gulf Coast who were interested in the fishing industry and in the people engaged therein, that brought about the elimination of the tax upon the people of Mississippi.

In our own County three members of the Board of Supervisors of Hancock County, Lander Necaise, Johnson S. Shaw and Ed. P. Ortt, went to Baton Rouge while this legislation was really hot, and spent several days lobbying in the interest of their fellow Mississippians, who would have been affected by this bill if it had passed as it was originally drawn.

We are indeed happy that the Louisiana Legislature saw fit to amend the bill, and we are certain that the same friendly and kindly spirit that as existed between the people of these two States will continue on and on.

ALTAR SOCIETY NEWS

The paper drive Saturday was very successful, and a large amount of paper was collected, but there is still plenty more that, while useless to the owner, it can be useful to others and at the same time help our society. So we ask everyone who has paper, magazines or rags, to save them, and we will have another "pick up" in a few weeks. By rags is meant anything of cloth, such as old discarded pants, coats, rugs, sacks, anything that is past its useful stage at home. Don't burn these things, but give them to us. We have a dependable man to gather them, so no one need be afraid of saving, and being passed up. We thank all who gave this past week, and hope they and many more will save for next time.

At the recent meeting of the Altar Society, Father Desmond, who is chairman of the Fair to be held this Saturday and Sunday, was present to meet the ladies and discuss plans for the Fair. He expressed satisfaction at the success so far, and the ladies promised him their full cooperation.

LET SOUND JUDGMENT BE EXERCISED

THE Campaign for the Democratic nomination for United States Senator from Mississippi is drawing to a close, and we are indeed grateful that it is. Never in the history of the state have we ever had a campaign more filled with vilification, vituperation, hate and prejudice.

The office of United States Senator is the highest office within the gift of the people of the great State of Mississippi, the third highest elective office in the United States. The dignity of the office of United States Senator should force these men to rise above the level of the issues in the present campaign. They are supposed to be learned in the principles of their government, yet, they deny the principles upon which this great Nation was founded. On July 4th, 1776, the Congress of the United States adopted the Declaration of Independence as submitted by a committee headed by Thomas Jefferson, and there was included therein the following clause: "We hold these truths to be self evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."

We have only recently brought to a successful conclusion the worst war this Country has ever engaged in. We were supposed to be fighting to maintain the American Way of Life. To maintain these freedoms which we in this Country have so thoroughly enjoyed. How horrified we were when the newspapers carried items telling of the intolerable conditions that existed in Germany or in the Countries enslaved by it. Of the persecution of the Jews and other Nationalities. It made us as a Nation rise to greater proportion to strike forever from the face of the earth the perpetrators of such crimes. Many of our boys gave their lives for this cause, and yet, we in Mississippi are today being told that we should engage in nearly a similar practice upon people who have been born and reared in our midst, by men who are offering for an office that affords the leadership of this Country.

We hear them cry to the high heavens, how good they are. How they will be the saviors of this great southland. What great Christians they profess to be. Of how tolerant they are in matters of religion, but lo and behold they just can't stand the sight of a negro or the thought that a negro might vote. The suggestion has even been made that force, even murder should be resorted to if necessary to prevent the negro from voting. Should men aspiring for high office offer advice of this type to a people whose prejudices can easily be aroused on the race question? It would be far better for them to make a thorough study of this question and offer some solution that would lead to an understanding rather than to make a suggestion that would lead to bloodshed, or to a feeling or a desire on the part of the members of either race to do bodily harm to the other.

Is it real Christianity to condemn some poor individual because God in His infinite Wisdom saw fit to make his skin black. That black skin has a soul encased in it the same as we have. God created him for the same purpose that he created us. To Honor, Serve and Love Him on this earth and to be happy with Him forever after.

They attempt to picture the question of social equality and the amalgamation of the races which is a lot of poppycock. There is no such thing as social equality. People pick their social equals. Even the negro does that.

In Hancock County we have had very little race difficulties. A congenial spirit has fairly well existed between the two races, and certainly that spirit should not be destroyed. It is time for the exercise of sane and sound judgment by both groups, and certainly not the time for either to follow the leadership of a radical element if any there be in their midst.

From the Christian teachings that we have received from our childhood, let us bear in mind that after all, worldly affair and worldly gains mean little. Life is only a short span of years and then the day of Judgment, and on that great day it will not be a question of whether your skin was white or black, but how you loved, honored and served God.

With these thoughts in mind let us resolve that we shall not exercise rash judgment, and that we will ask God to remove from our hearts the hate and prejudice, if any there be, that has become imbedded therein from the words that have fallen from the lips of men who should know better, and be guided by the words of St. John the Apostle in his First Epistle, Chapter Three, Verses 13-18: "Dear, beloved, wonder not if the world hate you. We know that we have passed from death to life, because we love the brethren. He that loveth not, abideth in death. Whosoever hateth his brother is a murderer; and you know that no murderer hath eternal life abiding in himself. In this we have known the Charity of God, because he hath laid down his life for us; and we ought to lay down our lives for the brethren. He that hath substance of this world, and shall see his brother in need, and shall shut up his bowels from him, how doth the Charity of God abide in him? My little children, let us not love in word nor in tongue, but in deed and in truth."

George Steele Dies At New Orleans

News has been received here of the death at Touro Infirmary of George Steele on Saturday, June 22, following an illness extending over a long period of time. However, the heart condition only became acute last week and he was taken to the Touro where he died.

Mr. Steele, a former resident of Waveland, was a representative of one of the very earliest families of this community. His mother was Miss Sallie Eager and she was a daughter of Dr. Eager who made his home here before the War Between the States. His father Thomas Fearn Steele had an outstanding war record. Mr. Steele was 54 years of age.

Mr. Steele leaves his wife, the former Miss Ernestine Francis, three daughters, Mrs. Harold Salaun, Mrs. Lawrence Abney, and Miss Dorothy Steele; four sons, Thomas Fearn, George Francis, Jack Francis and Charles Francis Steele and several grandchildren.

His funeral was held in Slidell where he has made his home since leaving Waveland, on Sunday, June 23 at 2 p. m.

Sympathy is extended to his estimable family through these columns.

LEVINGS AHEAD IN STATE POLL

NELSON T. LEVINGS

JACKSON Miss. June 26th — A recent poll conducted by Murdoch Associates indicates that Nelson T. Levings of Gulfport, candidate for the United States Senate, will be in the run-off with Senator Theodore G. Bilbo, after the primary election July 2nd.

This poll forecasts that the present incumbent, Senator Bilbo, will receive approximately 44% of the total vote cast, which is estimated at 184,000. It shows that Nelson T. Levings, the only young man and only veteran in the race, will receive close to 31% of the total, putting him in the second primary. Ross Collins of Jackson and Tom Q. Ellis of Jackson are trailing with approximately 13% and 11% respectively, with Frank Harper of Hattiesburg less than 1%.

Paralleling the New Orleans election, in which young Morrison a veteran, beat four opponents including the Maestri machine, in the first primary, this trend indicates that the people are tired of professional politicians and that they feel the veterans should have some part in running the country.

That Costs You Less
Today Than it Did

15 YEARS AGO

Although your cost of living has steadily increased, here is one thing—an important thing in your life—that actually costs you less today than it did fifteen years ago. It's your telephone!

This record of low cost performance, in these times of rising prices, is enough alone to stand out like a beacon in the night.

In addition the service has greatly expanded and as more telephones have been added the relative cost of the user has steadily declined. Today you can reach many more people by telephone—the better to serve your needs for business or personal use.

This record—which stands out as an achievement—is becoming more and more difficult to maintain as the costs of everything going into the furnishing of telephone service continue to rise.

WHAT OTHER JOB IN MISSISSIPPI...

Pays as well as MINE...

Let's look at the facts:

Monthly cash payments for my enlisted buddies stationed in Headquarters Mississippi Military Area average \$307.62! This amount is not standard, due to longevity pay, rations and quarters and dependents allowances—but many enlisted men will receive some of these benefits.

Even if I'm only a private my monthly cash pay is \$50.00 PLUS additional allowances for dependents, a cash bonus and 5% raise for each 3-year enlistment—PLUS food, clothing and housing, and free medical care.

Take your monthly pay check and after the regular deductions are taken out, figure how much you pay for all the things I get free—then see how we stand! Better think it over—there's a good job for you, too, in the Regular Army.
